Internships and Academic Seminars

Launch Your Career

The Internship

The Washington Center serves students in all majors, with interests in a wide variety of fields. These include the government, nonprofit and business arenas as well as many others that may partially overlap with them—the worlds of media and communications, science and technology, law and criminal justice, and international affairs.

Our internships give you the chance to work almost full time, allowing you to feel like a member of the staff at your office. You may assist attorneys during a trial, evaluate capital markets, help in radio or television production or attend congressional hearings. The possibilities are endless.
